

Blowers Inspection and Repair

WPI rebuilt blowers are carefully brought up to the original manufacturers specifications by our technicians who have over 75 years of combined experience rebuilding blowers.

Our new dedicated machine shop and extensive inventory of new and used parts insure your blower is rebuilt quickly and accurately.

All WPI rebuilt blowers are thoroughly tested at our dedicated test center to confirm performance

Loaner program – prevent down time

WPI has a large inventory of loaner blowers. See our website for availability.

Remanufactured blowers – available for immediate delivery

WPI carries a large inventory of rebuilt blowers that have been rebuilt and tested to the original manufacturers specifications. All of WPI rebuilt units carry our 12-18 month warranty. Please see our website for current inventory.

Blower rebuild and repair – save both time and money

- A blower rebuild is considerably less expensive than new.
- Rebuilding time is typically a fraction of new lead time.
- Rebuilt units carry a 12-18 month warranty.

Blower field inspections – prepare for the future

WPI Technician can inspect your existing blower :

- Evaluate the current condition.
- Perform repairs, if possible to be done in place.
- Make recommendations to improve the longevity.
- Record a baseline to compare future inspections to.
- Identify and record equipment to facilitate future repairs.
